- previously she had submitted a packet to each of the Councilmembers regarding a project in Rocklin located at Rocklin Road and Sierra College Boulevard
- the property is a 10 acre parcel zoned high density
- a project was proposed about seven years ago and at that time Kathy Kerdus submitted a comment letter regarding the Environmental Impact Report

- there will be 400 cars dumped onto Rocklin Road and onto the Sierra College Boulevard intersection

- he asked Council to meet with the Borders Committee, voicing concerns and to submit a letter like the previous Planning Director's (Kathy Kerdus)

Edward Peterson, 6013 Thornwood Drive, stated the following:

- he wanted to talk about the noise level at the Blue Goose when they are having events with music
- sometimes the music starts at 1 p.m. to 1 a.m. and during that time you don't hear the music, just the bass, and that causes his windows to vibrate
- he asked Council to look into having some kind of control

- she has been working with Brian Fragiolo, the Public Works Director, in trying to help solve the problem but most of the problem is a long term problem
- she has been forced out of her home numerous times and it is very taxing on her family
- their yard can't handle the water that flows through her yard and she is concerned with the next storm that is coming
